General Features

Extends the functionality of the VMC for LTE WWAN access.

The pack contains the following components

- 1x Top Cover for LTE WWAN USB & Dual Antennas
- 2x M4x8 allen key
- 1x allen tool 2.5

Assembling top cover for LTE WWAN USB & dual antennas on the VMC

Attention before assembling please check the height of the USB stick and the depth of the Top Cover for LTE WWAN USB & Dual Antennas. The height of the USB stick must be smaller than the depth of the Top Cover for LTE WWAN USB & Dual Antennas.

Check that the O-ring is inserted proper in the groove of the Top Cover for LTE WWAN USB & Dual Antennas (2).

Insert the WWAN LTE USB Stick (3) on the open top of the VMC (1). Install the Top Cover for LTE WWAN USB & Dual Antennas (2) with 2 M4x8 screws (4) and torque them with **3 Nm**.
